

## Vice President's Report

A/Prof Tino Mercado

February 2024

### 1) Website: Official Launch March 2024

The revamp of our website is ready to be launched, particularly the Patients Component. There are 19 manuscripts collated from our members discussing different relevant topics on periodontology and implants. Most of the images needed in the manuscripts were provided by ADA-Federal. In return, our manuscript/link will be shared to ADA Patient Information Website.

#### Website Topics and Authors
